MILAM COUNTY TB ASSOCIATION—Dr. E. O. Smith, Jr., of Cameron and president of the county TB Association, discusses the forthcoming campaign with seal sales chairman Ralph Nichols, (right) of Rockdale, and three community chairman. Community chairmen are: (left to right) Marvin Handrick of Thorndale, James Terry of San Gabriel and Leroy Massengale of Maysfield. Preparations are underway by the Milam County Tuberculosis Association for the annual TB seal campaign which will start November 12. At that time contributors will receive a letter explaining the need for continuing the fight against tuberculosis in the County and including 1963 TB seals.

Neighbor Finds Help

Rosebud Buys Water

Drouth Forces City Water Sale

Rosebud's request for water from Cameron has been granted, according to Mayor Coleman Duncum, who said he hoped this would help them in overcoming their present drought situation.

Mayor Duncom said the request came last week and was readily given the go-ahead.

Water Supt. Alvin Heft said Tuesday that he had conferred with Rosebud City Manager Danny Hyden, and that final arrangements were being worked out.

Five tank cars are now in Cameron to transport the water by rail to Rosebud.

Heft said Rosebud will purchase the water from the compress. The first loads will contain 52,000 gallons of water. In Rosebud the water will be pumped into the main line and into the reservoir.

The Rosebud city lake, which once covered approximately 20 surface acres, now covers only about 6 surface acres.

Evidence of the water shortage was noted some time ago when Rosebud officials began seeking a government grant to help finance the project of installing a pipeline and pump station.

Also, the City started lookng for information on ways to bring in water on the railroad by tank cars.

Southern Pacific Railroad is furnishing the cars with the City furnishing freight charges for usage of the cars.

NEIGHBORS SAVE LIVESTOCK

Rosebud area farmers and ranchers have been helped by their town and have been able to save their livestock.

They have been hauling water for the past several weeks because the drouth has caused their stock tanks and wells to dry up.

The Pond Creek well near Rosebud is credited for saving their cattle and livestock. People get the water free. The City of Rosebud is furnishing a motor, the Rosebud Chamber of Commerce a pump, Belfalls Electric Cooperative the electricity and the land used is donated by John Kilgore.

Located adjacent to Rosebud City Lake, the well was drilled to supply Rosebud with drinking water. However, the water had such a high mineral content that people could not drink it.

It is a community effort and at present there is an ample supply of this water which cattle seem to thrive on.

TOYS FOR TOTS — Lloyd Rider smiles his appreciation for the first toys donated to the Toys For Tots project, he is getting underway for the needy Cameron children. Work will be done on the Christmas toy project at the Anderle Lumber Company. Toys are needed. (See story inside)

BOARD TO PLAN FUND DRIVE FOR NEW LIBRARY

The annual meeting of the Cameron Library Patrons will meet November 18 to discuss plans for a fund raising drive to construct the proposed $40,000 library for this city, according to Miss Mildred Thornton, president.

She urges all residents to go by to see the scale model at the building between Citizens National Bank building and McIntosh's prior to the meeting date.

All interested persons are invited to attend the meeting at the Methodist Fellowship Hall at 7:30 p.m.

Miss Thornton said cards were being mailed to people holding membership cards seeking their attendance.

The Cameron Public Library is presently located on East Main Street and carries a variety of books and information which can be used to the benefit of all.

"Perhaps many people do not know that we have records for the blind and also a projector with pictures of famous painters for their use," Miss Thornton said.

The Library Board hopes to be able, in the near future, to give Cameron a library building that everyone will be proud of. Success of the $40,000 library plans will see Cameron with a new facility on the E. Fourth St. site, as set aside by the City two years ago.

About 6,000 volumes can be housed in the brick, arched glass and pre-stressed stone building. Extensive reading can be done in the reading room. The building will have 2,028 square feet.

Douglas Barron Rites Held In Cameron Sunday

Funeral services for Douglas Barron, 56, former deputy sheriff of Milam County, were held Sunday in the chapel of Green's Funeral Home. Rev. Kenneth Haley officiated with burial in the Oak Hill Cemetery. Mr. Barron died in Houston Friday following a lengthy illness.

Born in Bell County, August 25, 1907. Barron moved to Milam County while still a young boy. He was married to the former Miss Fannie Terry in 1935. He was deputy sheriff of Milam County for the past 18 years.

He is survived by his wife of Cameron; three brothers, Curtis Barron and N. E. (Peanut) Barron of Cameron and Raymond Barron of Corpus Christi.

Pallbearers were Sheriff Carl Black, Clifford Marburger, Don Humble, J. M. Terry, Grady Allen, Wayne Weiser, Hinton Pruitt and Roy Weems.

Wells Named To Equalization Board

The Equalization Board for the Cameron Independent School District has begun intense study of the appraisal information following appointment of a fourth man to the Board, according to Supt. Charles Zeigler.

In a special called meeting last Wednesday the School Board named Bob Wells to the Equalization Board.

The tax board in turn met Thursday and elected Edwin Brod chairman. J. J. Heitman and Frank Hamel are the other two board members.

Zeigler said, in the absence of Hanel who is ill and unable to work at present, the three men have started reviewing the information supplied to them by the Southwestern Appraisal Company.

Yoemen To Meet Caldwell Hornets

LOOKING AHEAD—Alcoa is reopening its sixth potline soon to restore full production at the Rockdale Works for the first time since the February, 1958 cutback.

It will restore full production on all six potlines, 87 jobs (added to 21 other jobs opened up earlier this fall) and bring total Alcoa employment to 1,024.

This is a good barometer of Milam County's improving economic conditions in industrial employment.

It shows also the powerful influence of the Milam economy. While the Alcoa cutback in 1958 reduced industrial employment, the livestock industry was recovering from rough years of the earlier 1950's drouth. Now, current drouth conditions are hampering livestock operations even while cotton and maize crops did well in a big year in the use of fertilizer.

Presuming rain, Milam agriculture will continue to forge ahead with additional application of the latest farming technics.

104 - 104 - 104

County seat Cameron is showing resilience all the while with a new fertilizer operation, improving road conditions here as well as across the county and a growing list of building improvements and new home construction.

Thus far, 1963 has also seen moves toward an industrial foundation and additional street improvements in the city.

At present, Cameron is in the admirable position of being able to help sister city Rosebud during her water crisis, this week selling 52,000 gallons of water to our Falls County neighbor.

South Milam neighbor Rockdale will realize first benefit from the additional Alcoa employment, but Cameron and several other Cen-Tex communities will derive the payroll benefits of residents working there.

Despite drouth then, Milam County's economy is flexing its muscles in a manner reminiscent of the early 1950's when Rockdale and much of Milam boomed with Alcoa's opening. The additional employment is like putting in a half-million dollar payroll in Milam's midst.

It would appear that a transition period of several years is coming to a close and another period of upward growth is underway.

Cameron's Fighting Yoemen will travel to Caldwell Friday night to tangle with the powerful Caldwell Hornets in the fourth District game for both teams. Game time will be 7:30 p.m. at Caldwell stadium.

The Hornets have chalked up an impressive record this year and were undefeated and unscored on until last Friday night. Rockdale's Tigers marred their unblemished record when they defeated them 27-3.

Coach George Kirk said he thought Caldwell still has the best defense in the State. They held Rockdale to 8 first downs and also picked up 8 first downs against Rockdale.

Only four touchdowns have been scored against the Hornets, and only one of them was scored on a drive. Rockdale intercepted a Caldwell pass and from the eight yard line drove in for the tally. Two touchdowns were made on punt returns and the other on an intercepted pass.

Caldwell is the biggest team Cameron has met all year and they have a terrific defense, according to the scouting reports.

They have a fine quarterback in the 165 pound Jimmy Jancik. He is not only a good passer but runs the ball well, is tough and a real smart thinker, Kirk said.

Another big asset to the nest of Hornets is fullback Charles Dubcak. The 6-foot squadman carries his 190 pounds to every advantage, has good speed and likes to run with the football.

Outstanding in their line is offensive tackle and defensive guard, James Touchstone, a 215 pounder. Also, B. Trcalek, tipped the scales at 200, is good at his offensive tackle and defensive end position.

"Is Education Our Affair", Topic For PTA Meet Thurs.

"Is Education Our Affair?" is the topic to be discussed at the regular meeting of the Parent-Teachers Association Thursday night.

Franke M. Luecke will present the program which should help to clarify the family responsibility in education.

There will also be a panel discussion between members of the Education Committee.

A report from the Fund Raising Committee, concerning the success of the recently completed birthday calendar sale, is also expected.

Alcoa Announces Potline Opening

Aluminum Company of America Rockdale Works has announced the re-opening of the sixth potline, a move that will put the plant into full - capacity production for the first time since 1958.

Preparation has gotten underway this week to restart the potline, boosting the Aluminum Smelters' work force to well over the 1,000 man mark.

Hiring of 87 new employees to man the potline and other related jobs started this week, according to Work's Manager Joe E. Yates.

Yates indicated the extra man power will boost the Aluminum Smelter work force to 1,024. The plant's annual payroll will be more than $7 million a year with the addition of the new employees.

The sixth potline was one of two lines added to the plant following construction in 1952. The expansion program was completed in 1956 increasing smelters capacity by 50 percent.

In Sept. 1958 two potlines were shut down. Approximately 250 employees were affected by this action and more later. At that time Rockdale Works was the 5th Alcoa smelter to cut back production.

The plant operated four potlines until March 1959 when one of the lines was put back into operation, returning about 65 workers to their jobs.

With the extra potline in operation the plant will be producing at a rate of 150,000 tons on Aluminum Ingot a year.

Yates said re-activating the Rockdale potline is in answer to increased demand for aluminum. The Rockdale Works produces a variety of Ingot shapes which are shipped to Alcoa customers and Alcoa fabricating plants for production of aluminum sheets, extrusions, castings and other mill products.

Milam To Vote On Amendments

Milam County citizens will be going to the polls Saturday, November 9, to vote on four amendments to the Constitution of the State of Texas.

There will be 39 voting places in the County. Cameron voting boxes will be at the Milam County Courthouse, Precinct 1 and Yoe Gymnasium, Precinct 2. Polls will be open from 7 a.m. until 7 p.m.

A major issue will be concerning the abolishment of the poll tax as a requirement for voting in this State.

The basic issue involved in this amendment is a sound and fair system of registering voters in advance of an election - how such a system can be assured and maintained.

POLL TAX

The proposed amendment would not repeal the poll tax, it would simply do away with the requirement of a poll tax receipt in order to vote.

A poll tax of $1 on every inhabitant of the State between 21 and 60 years of age will still be set apart annually for the benefit of the public free schools.

But opponents argue that as a practical matter, collection of the poll tax would become difficult and doubtful.

The money for schools which the poll tax now provides is $2,090,000 per year.

A proposal to eliminate the poll tax was submitted as a constitutional amendment in 1949 and defeated by a vote of 172,284 to 133,550.

Many people are against the poll tax as a requisite for voting as they argue it is not the American way.

Others argue that the money received from the poll tax for public schools would have to be made up in some other manner.

Payment of a poll tax has also become entangled with racial issues and for that reason there are those who favor its adoption. Many feel that requirement of a poll tax has received so much bad publicity throughout the nation it would be better to set up a new system of registration.

The amendment provides that the Legislature may enact a registration law in anticipation of its adoption, and the Legislature passed Senate Bill 132 which will apply to all elections in Texas if the amendment is adopted. It provides for general registration of voters before February 1 of each year, with a registration fee of 25 cents. This would be subject to revision or repeal at a future session.

4 WELFARE FUNDS

Proposition 2 on the ballot would eliminate residence requirement and allow more expenditure from state funds for needy aged, blind, children and the disabled.

This proposal would bring together under one amendment four public welfare programs.

The major results of the proposed amendments are

1. To eliminate any constitutional requirements of residence in the state in order to be eligible for State assistance, leaving to the Legislature the decision as to what residence requirements should be.

2. To eliminate dollar restrictions on the amount of assistance which may be given to individuals, and on the total amount which may be expended for any one program.

3. To set an over-all limit of $60,000,000 per year on State funds which may be expended for all four programs.

Under the Constitution the maximum amount which can be paid from State funds to needy aged persons is $25 per month and the maximum which can be paid to disabled persons is $20 per month. This amendment would strike out both these limitations.

The proposed limit of $60,000,000 on State funds for these four programs would be an increase of $5,500,000 over the present authorization. Last year our Constitution was amended to increase State aid for the needy aged, needy blind and needy children by $5,000,000, and to increase aid to permanently and totally disabled persons by $1,000,000.

JEFFERSON COUNTY

This proposal to add a new subsection to our Constitution providing for Retirement, Disability and Death Compensation Funds for Jefferson County, does not pertain to our local community although some feel it could have it's effect over the state.

It would apply only to those political subdivisions within Jefferson County (Beaumont, county seat) and would give them the right to set up their own retirement plan or join the County Retirement System of Jefferson County which already exists under constitutional authorization.

VETERANS' FUND

The three major changes that would be made by the amendment to increase the Veterans' Land Fund would be

1. To allow the sale of $150,000,000 more in bonds,

2. To increase the rate of interest and

3. To extend the life of the Veterans' Land Fund to an indeterminate date.

The proposed amendment would authorize purchase of lands with money from bonds previously authorized until December 1, 1965. Hereafter, when any series of bonds is sold, out of the $150 million in new bonds proposed, the amendment would authorize purchase of lands for an eight year period after the date of sale of that particular series.

If this amendment is adopted, it would set the maximum interest rate to be charged veterans at 5½ percent. In today's market this is still a good interest rate but not as advantageous as the present 4½ percent.

VOTING BOXES

Milam voters will vote at their respective boxes with Precinct 15 and 16 in Rockdale, also Thorndale, Salem, Sharp, Gause, Burlington, Buckholts, Milano, Davilla, Ad Hall, Elm Ridge, Rice School, Minerva, Hanover, Marlow, Tracy and San Gabriel.

Also, Watson Branch, Salty, Connally, Bushdale, Sandy Creek, Crush, Friendship, Burlington, Ben Arnold, Walkers Creek Marak, Yarrelton, Maysfield, Jones Prairie, Baileyville, Branchville, Clarkson, Gay Hill and Sand Grove.

NO. 1—

The amendment of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

No. 2—

The Constitutional Amendment providing for assistance payments to the (1) needy aged. (2) needy individuals who are permanently and totally disabled, (3) needy blind and (4) needy children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for payment of assistance grants on behalf of such recipients; providing for the acceptance of funds from the Government of the United States for the purpose of paying such assistance grants; providing that the amounts expended out of State Funds on behalf of individual recipients shall not exceed the amounts that are matchable out of federal funds; and providing further, that the total amounts expended per year out of state funds for such assistance payments shall never exceed Sixty Million Dollars ($60,000,000).

NO. 3—

The addition of subsection (c) to Section 62 of Article XVI of the Constitution, to authorize all political subdivisions within Jefferson County, Texas to establish, after approval of its voters, a Retirement, Disability and Death Compensation Fund covering all appointive officers and employees of said political subdivisions.

NO. 4—

The Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law.

4-H CLUB Notes

By Chas. W. Henson
Ass't County Agent

Sandra Barta, daughter of Mr. and Mrs. Alfred Barta of Rt. 2, Cameron, joined the 4-H in 1959. Since this time Sandra has been active in many phases of the 4-H work.

For projects, she has successfully completed poultry and swine. Sandra has received broilers for the past three years and with these after much care, she received blue ribbons, placed fourth two times and eighth one time. With her gilt, received from the Farm Bureau, Sandra placed third at the county show.

Perhaps one of the most outstanding things about Sandra is her ability to perform as a leader. She has held the office of vice-president in the local club and is now president of the club.

This year Sandra's record book on poultry was judged best in the county and also in the district. It represented district 8 at the state level.

Sandra says, "I am very happy and proud that I have had the opportunity to join the 4-H because it has taught me to care for and work on different projects, to accept responsibilities, to develop leadership, to promote citizenship and to meet and make new friends."

County Plans Pecan-Food Show

By J. D. Moore
Milam County Agent

Committee members and Chamber of Commerce representatives met Monday night, October 25 and made final plans for the pecan and Food show.

The show will be held in Cameron on December 6 and 7. Pecan entries must be at the show by 9:00 a.m. on December 6, and Food show entries must be brought in on December 7. Entries will be limited to Milam County and exhibitors may enter as many classes as they wish but are limited to one entry per class.

A pecan entry will consist of 1 quart of pecans and must be grown by person exhibiting them. Pecans must be from the 1963 crop.

Mrs.S. H. Curlee, manager of the Rockdale Chamber of Commerce attended the meeting with other representatives from that area and expressed her appreciation to those that contributed to make the show a success in Rockdale last December. Mrs. Curlee outlined plans for the Christmas parade to be held in Rockdale on December 7, and stated that the Pecan and Food show would add materially to their local program.

In closing, Mrs. Curlee expressed Rockdale's desire to share the show attraction on an every other year basis with Cameron.

Albert McCullin Jr., representing the Trade and Development Committee of the Cameron Chamber of Commerce outlined plans for Christmas activities and assured the group that the show would have local chamber support and would add to the local Christmas program in an effective way.

In closing, Mr. McCullin expressed appreciation to the Rockdale representatives for their attendance and cooperation and their willingness to share.

Anton Anderle is chairman of the Pecan show and Mrs. V. L. Angell is chairman of the Food show. Tentative plans are to have the show in the Dusek building, formerly occupied by the County ASCS office in Cameron.

Eligibility for Food entires for the Pecan show:

1. Residents of Milam county.
2. Junior division (school age)
3. Senior division
4. All entries must contain pecans.
5. Brought pecans may be used in baked products.

RULES:

1. All entires become the property of the Milam County Home Demonstration Council to be sold - proceeds to go to the H D Council and to help pay Food Show expenses.
2. Entries should be submitted in attractive containers which WILL NOT be returned.
3. All entries must be at the exhibit building before 9:00 a.m., December 7, to be eligible for judging. Supervisors will receive entries ONLY from 7:30 - 9:00 a.m., at the exhibit building.
4. All entries will be given a number and no other identification will be exhibited during the judging.
5. The following information will be required for exhibits: Name, Address, Division (Junior or Senior), Class: one pie, one cake, one dozen cookies, one dozen pieces of candy, yeast breads (one loaf or one dozen rolls), quick breads (one loaf or one dozen rolls.)
6. Only one entry in each class may be entered for judging. (It is possible for one person to enter six (6) items.).
7. Entries must be entered under the name of the person preparing the product and in the proper division. Must be homemade - no commercial mixes.
es.
8. Blue, Red and White ribbons will be awarded to the top three places in each class, on completion of judging.

Judging will begin at 9:30 a.m.

NOTE: It would be appreciated by the committee if the person will estimate the value of the ingredients of the product.

FARMING HAZARDOUS

For many years farming has ranked as the third most hazardous occupation. Work accidents have helped push the farmer into this position, comprising 31 percent of the total accidents in which he is involved. Only motor vehicle accidents are more frequent among farmers.

Sgt. B. F. Gaeke Completes USAF Training Course

Shop Is Builders Dream, Covers Years Of History

Many Cameron and area residents attended the formal opening of Berniece's Dress Shop last Thursday and some of the old-timers may remember the history of the long time building or know of the dream that took shape to make it into what it is today.

Both are interesting and tell the tale of the building at the corner of Main and Houston streets.

Built 80 Years Ago

It was first built in 1883 by a Mr. Vogel who was a grocery and dry goods merchant, according to Cameron historians.

About three years later a lawyer came to Texas from Alabama, Col. E. J. McIver, who purchased the building and it has remained in the family the past 77 years, until it was purchased about two months ago by Mrs. Berniece Lester.

Members of the McIvey family still living in Cameron are Miss Dallie Young, Cameron teacher, and Mrs. Mary Young Black, wife of Milam County Sheriff Carl Black.

During the next few years it was known as "The Alabama Store," operated by C. A. Pitts; then a clothing store, operated by the Roddy's now of Temple.

In 1918 it was leased by Dr. John Denson and Dr. Tom Denson who converted it into a pharmacy, with a doctor's office on the mezzanine floor. Joe Denson was a partner in the operation and it was called "New Cameron Drug."

In 1949 Earl Curtis, Cameron pharmacist, became owner of the business and was there until four years ago when a fire gutted the building.

Curtis then moved into the adjoining building and the old one remained vacant until now.

Dream Comes True

Promiscuous dreaming does not produce results as a rule, but the wide expanse of plate glass show windows, the fine oak paneling and ultra-modern decor of Cameron's newest specialty shop is a dream come true for Berniece Lester.

Mrs. Lester began work in the clothing field while still in her teens and is now widely known in merchandising circles.

Starting at Joske's in an Antonio, she was trained in the fundamentals of merchandising and it has been a part of her life since.

She returned to Cameron and her parents, Mr. and Mrs. Lee Marek Sr., doing bookkeeping at their gin.

The lure of merchandising took precedence and she went to work for Charlie Zidell who was the manager of the "St. Louis Store," a shop located in the building that now houses Western Auto. She also worked for Zidell when he opened his own store on Cameron's Courthouse square. Zidell is now in Temple where he operated a large clothing store.

For ten years she worked for Henry Lippman's ready-to-wear store.

FIRST BUSINESS

In 1940 she opened her own small dress shop adjoining the Lewis-Chili Shoe Store, then moved across the street in remodeled quarters.

She decided to retire and sold out to Mr. and Mrs. Bill Donovan in 1948.

"I like to be busy", she said, so in 1952 she opened a small shop in the Walter Sharpe building, and later moved back into the Smith building.

Being able to purchase the old New Cameron Drug building was the chance she had always wanted --her own building.

DESIGNED STORE

"It wasn't hard to plan and design the whole thing myself, because I had thought of it along time", Mrs. Lester said, and continued "I knew I wanted two glass fronts with the main entrance on Main Street. From my past experience in the business, I knew what I needed and wanted in the way of alteration rooms and fitting rooms."

"Everything is new and modern and you won't find anything any prettier in any city. It is my dream come true," she added.

True, it is all new, but the people of Cameron know that much history lies within the walls of one of Cameron's most attractive business establishments.

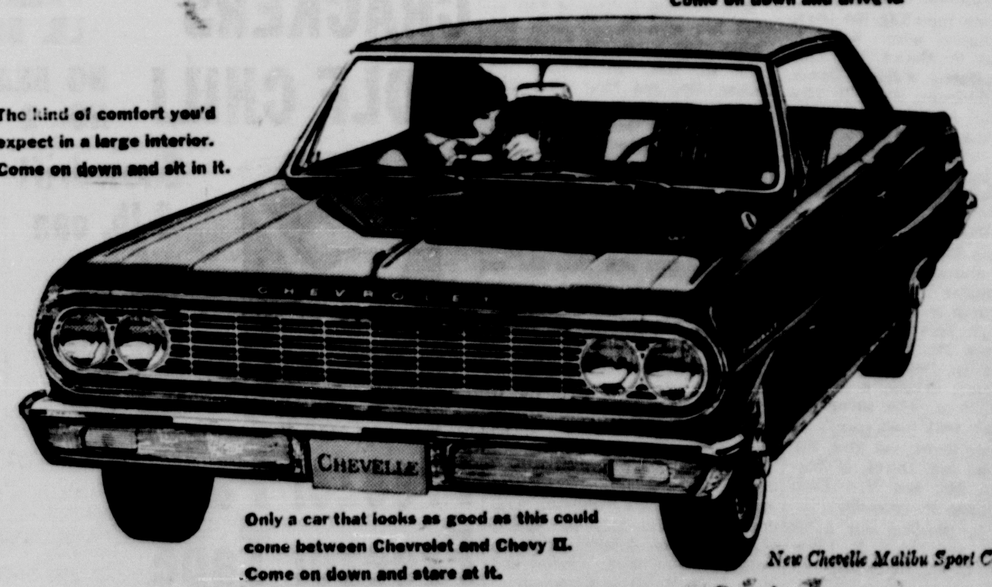
NEW CHEVELLE!
BY CHEVROLET

The kind of handling ease you'd expect in a smaller car. Come on down and drive it.

The kind of comfort you'd expect in a large interior. Come on down and sit in it.



Only a car that looks as good as this could come between Chevrolet and Chevy II. Come on down and stare at it.

New Chevelle Malibu Sport Coupe

Now—Chevy spirit in a new kind of car!

We built this one to do more than just stand around looking beautiful. Held its weight down in the 3,000-pound range. Then built four lusty engines—two sixes and two V8's—with output all the way up to 220 horses*!

And if that makes you think this is one frisky car, you've got the right idea.

You've also got a roomy car here. Yet its 115-inch wheelbase keeps it highly maneuverable in traffic and very easy to park.

With its Full Coil suspension, it's got a ride that reminds you of the Jet-smooth kind the way it muffles noise and cushions bumps.

And the fine hand of Body by Fisher craftsmen shows up beneath this one's suave good looks, too.

Sound good? There's more. Like the fact that Chevelle comes in three series with eleven models—convertibles, sport coupes, sedans, wagons, even Super Sport models with front bucket seats. Like the fact that (and see if this isn't one of the nicest surprises of all) the new Chevelle comes at an easy-to-take price!

Like to hear more? The listening's wonderful at your Chevrolet dealer's—and so's the driving.

Yoemen Defeat The Navasota Rattlers

By L. E. Sapp

The Cameron Yoemen thrilled their fans when they came from behind to chalk up an impressive 27-12 win over the Navasota Rattlers in last Friday night's game played at Yoe Stadium.

In the first home game since District play started, Yoe gridmen gave fans an exciting show of strength and power.

Giving the Rattlers a 6 point lead, the Yoemen came back to score four touchdowns and hold a strong Navasota team to 12 points.

The first quarter was unusual in that the ball changed hands only three times.

Rattlers Rattle Scoreboard

Taking the ball on the kickoff, the Rattlers held possession for the first five minutes. They started their drive on their own 20 yard line, moving slowly up the field on about 10 plays and penetrating to the 15 yard line.

From the 15, Kenny McGinty, fullback, went off center for the first touchdown. Attempt for the PAT failed and the Rattlers were out ahead 6-0.

The returning punt fell on the Yoemen's 27 yard line. Picking up about 5 first downs the Yoemen moved to the Navasota 24 yard line.

Yoemen Close Margin

With excellent faking, quarterback Mack McKinney went around left end on a keeper play from the 24 yard line and the scoreboard rolled to a 6-6 tally.

Larry Plentl, wingback, kicked the extra point and the Yoemen had a one point margin.

Navasota took possession of the ball and moved to the 35 yard line where they met stiff opposition and lost the ball on downs.

A 31 yard drive by Perrin moved the Yoemen to the Navasota 35 yard line. A strong Navasota line held and the ball went over two short passes and several ground plays.

Taking the pigskin on their own 28, the Rattlers edged their way to the Yoemen 4 yard line with two short passes and several ground plays.

Navasota In Front

From 4 yards out, Mike Mason, quarterback, went off tackle on a keeper play for 6 points putting them out in front once again. Try for the PAT failed.

One of the two Cameron fumbles happened on the next drive on their own 42 yardline and the Rattlers were once again on their way towards the goal line.

Reaching the Cameron 3 yard line, the crowd roared with excitement.

Game Highlight

It was first down and 3 yards to pay dirt. First down and they gained a yard, another play put them on the one foot line. The last seconds were ticking off the clock. Trying to score on a keeper play, the Navasota quarterback came in behind his line trying desperately to pick up those needed inches. But a strong defense met them head on and both teams formed what looked like a pyramid at the line of scrimmage. Neither team gave an inch and the time ran out before the Rattlers could get another play off.

The Yoemen came back after halftime looking like they'd had a good nap and were rearing to go.

They received the ball on the kickoff and a few short gains and then a 39 yard run by McKinney put them on the 2 yard line.

Yoe Overcome Gap

Mike "Bull" McDaniel, fullback, went over for the 6 points. McKinney went off right guard for the 2 points and the Yoemen went out in front 15-12.

Brute strength held the Rattlers on their drive at the three yard line after they picked up 59 yards. Ray Dyer, end, picked up 23 of the yards and then gained another 21 yards on a pass from Mason.

Deep in their own territory, the Yoemen started to march, picking up 94 yards before the ball slipped free from a Yoeman and Navasota recovered. Bull McDaniel horned his way up the field and picked up 22 of the gained yardage which put the Yoemen on the 5 yard line. On the 3 yard line the fumble stopped their drive.

Navasota was forced to punt from their own 1 yard line after losing 2 yards on their first play from scrimmage.

From the 42 yard line, three plays put the Yoemen on the 18 where McKinney passed to Ronald McWilliams who went into the end zone. The touchdown was called back on a penalty.

Yoe Scores

Then from 7 yards out fullback McDaniel went off left guard for 7 points. Conversion try was no good.

With only 15 seconds left on the clock, the Yoemen scored again. Ronald McWilliams went into the end zone on a pass from McKinney from 12 yards out, bringing the score to 27-12.

Offensive lineman of the week was Louis Dohnalik with the highest blocking percentage.

Dennis Jistel was outstanding defensive player of the week.

Outstanding backs were McKinney and McDaniel.

Other Grid Action

In other Cameron football action, the B-team was defeated Thursday by Navasota B-team 18-7.

Cameron's lone score came when Bill Goeke, halfback caught a pass from quarterback Don Mitchell and went 23 yards for the touchdown.

They missed one good opportunity to score when they fumbled on the 1 yard line.

Ada Henderson's 8th grade team beat the Navasota squad 12-0 in their game played Thursday night.

Halfback Wayne Kirk went 30 yards for one score and Mike Miller, fullback, drove two yards for the second tally.

CONTINUED FROM PAGE 1

Murphy Davis, at 186 pounds, is one of the finest ends in the district and is terrific on defense, Kirk said.

The Yoemen, boasting a two win, one tie district record, will continue to play as in the past and there will be very few changes, if any.

"We'll just try to play some good, hard football and as long as it's working we won't change," Kirk said.

Cameron's defense has been their strongest asset all year and their offense has improved and has shown some real good work.

The powerful line has held their opponents at many crucial times such as last week when fans saw them put up a blockade on the goal line and hold Navasota three downs keeping them from scoring. good work by the entire team produced the 27 — 12 victory over the Rattlers.

Possible offensive starting lineup for Friday night's game will be Mack McKinney at the quarterback slot, Mike McDaniel at fullback, Mike Perrin alternating with Don Manley at halfback and Larry Plentl and Dennis Jistel alternating the split back position.

In the line Merlin Lester and Ronald McWilliams will be at the end spots, George Bowman and Cliff Evans will alternate quick side tackle, Mike Koranek at strong side tackle, Donalik and R. L. Mikulec will man the guard positions and Larry Manley will be at center.

On the defense, Dohnalik and Bowman will be at guard; Robert Moraw and Koranek at end; outside linebacker will be Larry Manley and R. L. Mikulec; inside linebacker, McDaniel and Perrin; halfbacks, Dicky Ponder and Plentl. Jistel or McKinney will play the safety spot.

This Thursday the B-team will meet the Caldwell B-team at Yoe Field in a battle that gets underway at 7:30 p.m.

Ada Henderson's eighth grade team will play the Caldwell squad at Caldwell field Thursday at 7 p.m.

Badgers To Meet District Rivals At Homecoming Sat.

Saturday, November 9, the Buckholts Badgers will meet the Oglesby Tigers on Buckholts Field at 8 p.m. These traditional rivals are tied for the 14B district leadership and the game Saturday will break this deadlock. Oglesby has been beaten only once in non-district play and the Badgers have dropped 2 non-district tilts. Oglesby has won regional three years straight and the Badgers will be out to break their winning streak Saturday night.

This will be the Homecoming for the Badgers and many activities have been planned. Friday the cheerleaders will hold a Bonfire Pep Rally at 5:30 p.m. on the baseball field. Saturday preceding the game a Homecoming Supper will be served in the school cafeteria from 5 to 8 p.m. The menu will be turkey and dressing with all the trimmings including homemade pies and cakes. Admission will be $1 for adults and 50 cents for children under 12.

This year the Homecoming Queen will be crowned 10 minutes before the football game. Candidates for this coveted honor are Seniors, Misses Mary Francis Ruzicka, Carolyn von Gonten, Patsy Zavrel and Miss Kathy Wallace, a junior. The queen will be presented again at the Homecoming Dance following the game. The dance will honor all Badger exes, the football team and Badgers.

Buckholts Defeats Jonesboro 28-12 In Defensive Game

The Buckholts Badgers explored for 22 points in the second quarter Friday night and then played an outstanding defensive game to defeat the favored Jonesboro Eagles 28-12.

The Badgers won the toss and elected to receive the kickoff to start the game. Quarterback Don Glaser and halfbacks Larry Coufal and Calvin Shenkir alternated at throwing short passes from the squad formation to move the ball to the Jonesboro one yard line. From this point Lawrence Hanke bulled his way over for the touchdown. Jonesboro came back to score quickly and the score was tied at the end of the first quarter 6-6.

Early in the second quarter, the Badger offense moved the ball to the Jonesboro 3 yard line where Lawrence Hanke again ran the T.D. For the P.A.T., Calvin Shenkir passed to Larry Kudlacek for 1 point.

The Badgers scored again when quarterback Don Glaser took a short pass and went 54 yards for the 6 points. Calvin Shenkir added 2 more points by drop-kicking the P.A.T.

Jonesboro's first pass on the next series was intercepted by Larry Coufal and Calvin Shenkir carried it in from 21 yards out for the third T.D. in the period. Shenkir then passed to Dickey Jones for the extra point. The half ended with Buckholts leading 28-6.

Jonesboro ended the scoring for the night by moving across the goal from 3 yards out early in the third quarter.

Outstanding defensively for Buckholts was Dickey Jones - 10 tackles, Lawrence Hanke - 8 tackles, and Larry Kudlacek - 7 tackles.

The Badgers are undefeated in district play and do not play again until Saturday, November 9 when they host Oglesby. This will be homecoming for Buckholts.

District Will Be 17-AA For The 1964 - 65 Season

District 19-AA will have a new title next year and wil ble known as District 17-AA, according to Coach George Kirk.

Officials of the district met in Cameron recently to map plans for the 1964-65 season. The district will remain the same with the exception of A&M Consolidated who will move into the Class AAA ranks.

Representatives from Caldwell, Rockdale, Navasota, Hearne and Cameron set the date of October 16 as the starting time for district football competition.

Open dates were set for each school with Cameron's open date scheduled for October 30.

B-team and junior high schedules were set for Thursday nights.

Officials also voted to limit the bands to 15 minutes during halftime.

Cameron Scouts Seek $2,500 Fund, Drive Underway

A $2,500 Cameron Boy Scout fund drive got underway Wednesday following a Kick-Off breakfast at the Texan Cafe.

Under General Chairman, Alton Fuchs, majors, captains and workers met at 7:07 a.m. Wednesday to received their cards and information concerning this year's compaign.

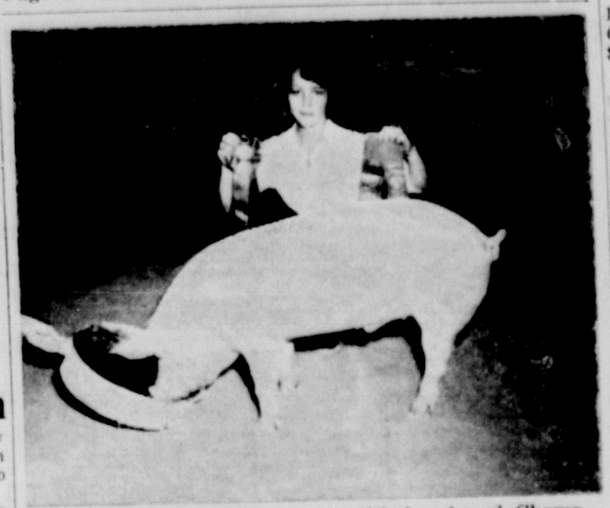
Richard "Dick" Wyatt, new District Scout Executive for the Cameron area, will act as supervisor and will assist in the fund raising drive.

Heading the drive as Majors are Gene Smitherman, Mrs. Lucille Monroe, Forrest Sapp, Ray Stevens and Rev. Paul McCallum.

All local residents are urged to donate generously to the campaign, officials said, in order to maintain Scouting in Cameron.

Fuchs asked that cards and donations be turned into him at the Ideal Poultry and Breeding Farm office in downtown Cameron.

"To a boy, Scouting is fun, romance and adventure, the smoke and flame - and the boy knows it - is a depth of meaning, a deadly serious intent and purpose. This is a program of highest priority in our scheme of life, not to be confused as 'just recreational.' Our very motto, Be Prepared, beckons our attention into the vast unknown into which our sons must walk boldly and with sure knowledge", are the words of the President of the Boy Scouts Ellsworth Augustus.



PATSY TITSWORTH poses with her breed Champion and displays her first, third and fifth place ribbons won at the State Fair of Texas. The daughter of Dr. and Mrs. Robert Titsworth of Cameron. Pats barrow won First and was also Breed Champion. She placed second in Showmanship Contest.

Football Players More Infelligent

By Lois Sapp, Staff Writer

The old-time thinking that boys who participate in football are below the intelligence level of their fellow students is now a thing of the past.

Many of the young athletes of today rank among the top students academic-wise in their schools.

Cameron can say this with pride.

Out of the 378 students enrolled at Yoe High School, 63 of these were placed on the A honor roll for the first six weeks of this school year.

Twenty-four of these students are boys. Ten of these boys are members of the A and B football squads.

17 PERCENT SQUADMEN

According to these figures 17 percent of the National Honor Roll is composed of boys who participate in the football program.

What does the coaching staff think of all this? They are greatly pleased and wish all of their boys could accomplish this goal. "It is easier to work with boys who have a high degree of brain power," Head Coach Goerge Kirk, said.

OFFICERS OF ORGANIZATION

Three of the ten boys are officers in the organization.

Merlin Lester is a gilt-edge honor roll student and is president of the National Honor Society. All football enthusiasts know Lester does his share of worthwhile contributions to the Yoemen football squad each Friday night along with maintaining high scholastic grades.

In the Vice Presidents chair of the Honor Society is Mike Perrin, a young junior, who is also proving himself to be a most capable member of the Yoemen team.

Larry Paul Manley has come into his own this year as a part of the Fighting Yoemen. None the less, he is an honor student and is Reporter for the National Honor Society.

Other names listed on the A and B football teams and also on the honor society are Donald Manley, Lawrence Laffere, Dicky Ponder, George Bowman, Roy Mauldin, Jackie McKinney and Steve Smith.

Seven of these boys are regular players on the Yoemen A squad.

KIRK COMMENTS

"The day of the dumb football player is gone and with the type of football played today a boy must have some kind of knowledge" Coach Kirk said.

Boys must learn so many more formations and various plays today and they vary from one game to another. They must be able to comprehend all this information, according to Kirk.

"We have to have boys who are capable and real smart too as they have to master a skill, but most important of all is desire," Kirk added.

Prewitt Drug Leads Nightlighters League

Prewitt Drug holds the lead in the Nightlighters Bowling league with 24 games won and 12 lost. Sir:

In Saturday's election on the poll tax amendment, a voter has to vote FOR and scratch out AGAINST in order to vote against the poll tax. The voter has to leave the word FOR if he favors taking off the poll tax and if he is in favor of having the poll tax retained, the voter leaves the word AGAINST and scratch out the FOR.

The ballot is worded "tricky" sometimes and the voter has to be alert to exactly what the ballot really states.

No matter which way a voter feels about the poll tax issue, he should express his views by means of the ballot.

Various political leaders of both the Republican and Democratic parties over the state have expressed their views pro and con on the paramount issue. Gov. John Connally, Vice-president Lyndon Johnson, Senators Ralph Yarborough and John Tower - all have come out in favor of doing away with the poll tax.

Jack Cox and several others have come out for retaining the tax.

Apparently, if the tax is not removed, there might be much confusion in the general election in 1964 when election clerks will have to handle two sets of poll lists, separate ballots, or separate voting machines, separate forms for signatures and listing returns.

No Texan will have to pay to vote in a primary or general election for President, for U.S. Senator, or for a member of Congress in 1964, whether the election carries or does not carry, according to constitutional lawyers.

THE DEMOCRATIC OR INDIVIDUAL issue is to get out and VOTE Saturday.

Applications are now being accepted for assistance under the Livestock Feed Program at the Milam County Agricultural Stabilization and Conservation Service Office, according to Alva E. Sanders, office manager.

Under this program farmers and ranchers may apply for the purchase of CCC stored grain at reduced prices. The price for grain to be fed to eligible primary livestock will be $1.67 per hundredweight for grain sorghum and $1 per bushel for corn, these rates being 75 percent of the county support rate. Grain for secondary livestock may be purchased at the county support rate.

"Primary" livestock are cows kept for the production of milk; male and female cattle, sheep and goats kept for breeding purposes, and their offspring kept for replacement purposes; and replacemen breeding stock customarily purchased in normal breeding operations. "Secondary" livestock are all other eligible livestock.

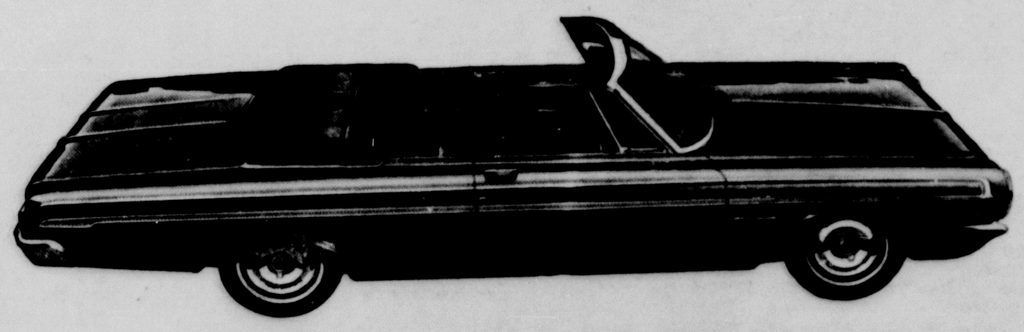
INTRODUCING THE DEPENDABLES FOR '64



We have designs to get you in our power

Our engineers are a wily group of guys who spend most of their time dreaming up ways to win your approval. Take the Dodge Polara 500.

You'd be hard-pressed to find a car that's got more going for you. Deeply-padded, contour-formed bucket seats. All-vinyl upholstery. Sill-to-sill carpeting. Padded dash. Center console. And lots of other trimmings. But that's only the half of it.

Perhaps our approach to power will further illustrate the point. With the Polara 500 you aren't baked in on a certain engine. You can choose from a standard 318 cu. in. V8 up to a street-version of our walloping, all-out 426 cu. in. Ramcharger V8. Compromise? Nope. We just feel that a freedom of choice is the surest road to your approval.

That's our way of doing business—giving you lots of car and lots of satisfaction at a price that's hard to quarrel with.

Your Dodge Dealer will be glad to demonstrate the point.

Officials Warn Of Speed Limits On Road Vehicles

AUSTIN - "There still seems to be some misunderstanding about the legal speed limit for pick-up trucks and small trailer combinations," Captain Browning said today. E. K. Browning Jr., Captain of the Texas Highway Patrol in Austin, pointed out that effective August 23, 1963, all trucks, including pick-up trucks, panel trucks, and trailers, including boat trailers, have a maximum daytime speed limit of 60 mph and a maximum night time speed limit of 55 mph.

"We are receiving many complaints from drivers of pick-ups, and drivers pulling boat trailers who have been arrested for driving 70 mph, because they mistakenly thought that these vehicles had the same maximum speed limit as a passenger car," Captain Browning concluded.

Christmas Gifts

Toys For Tots Project Started

Needy children will not be left out when Santa comes calling in Cameron this year if Lloyd Rider, an employee at Anderle Lumber Company, has anything to say about it.

"Toys For Tots" is a project he has taken on this year and he hopes, with the cooperation of all Cameron citizens, that it will be a tremendous success.

The Chamber of Commerce will work in cooperation with Rider along with those who have already donated their services.

"There are a whole lot of children in Cameron who don't have any Christmas at all, and I felt like some of us could take some of our abilities and make them happy this year," Rider said in explaining why he decided to take on the project.

Cameron has been without a "Toys For Tots" program since 1958 when the sponsoring Junior Chamber of Commerce disbanded.

Any person having toys that can be repaired, for any age youngster, is urged to donate to this worthwhile cause. Toys can be left at the Chamber of Commerce or the Anderle Lumber Company.

Deadline for receiving toys will be December 15.

The project has already received a box of toys from a local merchant. Rider hopes many, many more will be received in the next few weeks.

Volunteers to help repair the broken toys are also needed to make the project a big success.

Already several persons have volunteered their services including four local carpenters: Charlie Liemel, Bernard Zalesky, Carl Grothe and Antone Anderle.

Boy Scouts Explorer Post 54 will join in the work along with their scout leader, Porter Young, and sponsor, Eugene Smitherman of KMIL Radio Station.

County Judge Don Humble will help determine the needy children who will receive the Christmas toys.

Plans for the distribution of the toys are being laid and Rider said the parents would be notified as to the time and place to meet and pick up the Christmas gifts.

"If in some instances, the people cannot be present when the toys are distributed, I will see that they are delivered," Rider said.

Site for the toy workshop will be in the back room of the Anderle wishing to help may contact either the Chamber or Rider.

Any person that cannot help in repairing the toys, but would like to make a contribution to help meet the expense of paint and equipment used in repairing the articles, will be appreciated, although Rider is not seeking such help.

The "Toys For Tots" project did not just happen. Rider wanted to start the program a year ago but help was not forthcoming until it was too near the Christmas season.

This year he began making plans in July and said he was going on the idea that 'Since nobody else is doing it, and we definitely have needy children, I felt like I'd try it."

This young father of five children is always interested in children and among other things he yearly coaches a young baseball team.

Getting The Job Done . . .

Team spirit did it again for the Cameron Yoemen as well as the drive of fullback Bull McDaniels and quarterback Mack McKinney last Friday night.

Two goalline stands turned the Navasota grid squad's hope toward futility. It was the Yoe's team spirit that made the difference here.

Doubtless, it is this same team spirit that moves communities ahead, just as Cameron is moving along with new streets, highways, industry and business, and homes at present.

Not everyone can be up for a total effort all the time, but some of us can be up for community and area improvement all the time.

Cameron has shown the value of aggressive team play, sparked by individual effort, during its last two football games. Two weeks ago, the Yoemen spotted Hearne two touchdowns, then swept past them in a 20-14 upset win.

Communities like Cameron can continue to bring the same drive to sweep up progress and development when people work both as individuals and as a team to get the job done.

Soviet Sleight-Of-Hand . . .

The old see-saw game in Germany begins again with a road block set up by Russian armored cars along the Autobahn.

Forty-four American soldiers were detained overnight along the highway after the American convoy were stopped.

It is some kind of periodic sign that Russia has no appreciation for the continued presence of American troops, particularly when they demonstrate their prowess in the Second Armored's trans-Atlantic flight to Germany in recent weeks.

It is also a reminder that despite nuclear test bans and prospects of a wheat trade with Russia the Soviets still agitate for clearing Western Europe of American troops.

It is the old Khrushchev sleight-of-hand that says: "Now we agree with you, now we don't."

Texas Welcome Dinner Set

By Vern Sanford

AUSTIN - Some 60,000 Texans soon will be getting invitations to dine with the President - for $100 a plate - at Austin's Municipal Auditorium.

Presidential aides now are in Austin making arrangements with top Texas Democrats for a November 22 "Texas Welcome Dinner" for Pres. John F. Kennedy and vice Pres. Lyndon B. Johnson.

Speakers list so far has been limited to the President, the Vice President and Gov. John Connally.

To assure a capacity crowd, local party officials are being called on to help. Quotas are being assigned to districts over the state. Funds raised are to be divided between the National and State Democratic organizations.

Most of Texas' 21 congressmen are expected to attend the dinner and all members of the Legislature will be invited. Early announcements indicate Sen. Ralph Yarborough will be with the Presidential party.

President Kennedy is due to arrive in Houston on November 21, where he will attend an appreciation dinner for Congressman Albert Thomas. Cities all over the State are bidding for the rest of his time.

DRAFT GOLDWATER — Meanwhile, Republicans are not standing still on the eve of an election year.

State GOP Chairman Peter O'Donnell of Dallas came to Austin to announce the heads of the Texas drive to draft U.S. Sen. Barry Goldwater of Arizona as a presidential candidate - and to map plans for other races.

State Rep. Dick Morgan of Dallas and Mrs. J. C. Man Jr., a Wichita Falls housewife, were designated co-chairman of the campaign.

O'Donnell said 2,462 elective offices in Texas "will be up for grabs" next year and Republicans intend to reap a fair share.

He said the Republican time table calls for a Draft-Goldwater chairman in each congressional district by December 1. County chairmen will be appointed by January 1 and precinct chairmen by January 15.

Many of the local draft movements will tie in with GOP county executive committees and with election campaigns for precinct, city, county and state, as well as national, elections for public office.

NOVEMBER 9 ELECTION - Coke R. Stevenson Jr., administrator of the State Liquor Control Board, announced that Saturday's special election will not be a "dry day."

Stevenson said, "All types of alcoholic beverages may be sold during legal hours of sale on that date in wet areas."

LEGISLATIVE REDISTRICTING Pre-trial hearings will be held Friday on a suit to declare current state legislative districting laws unconstitutional.

State Sens. Don Kennard of Fort Worth and Franklin Spears of San Antonio; Reps. Bob Eckhardt of Houston and Jake Johnson of San Antonio; and Harris County Democratic chairman Bill Kilgarlin filed the suit. They are objecting to the law which limits a county to no more than one senator and restricts a county with more than 700,000 persons to one additional state repersentative per 100,000 population.

Several state elected officials who represent small-population districts are intervening in the suit.

INSURANCE PROBLEMS - Texas employers are paying more for workmen's compensation insurance and injured workers are enjoying less benefits, Texas Manufacturers Association charged.

State AFL - CIO, an unusual TMA ally, suggested a statewide conference on the issue.

State Board of Insurance Chairman Hunter McLean challenged one section of TMA's report. Roy A. Langston, president of the Association of Texas Fire and Casualty Companies, said rates may have gone up 40 per cent in the last 10 years but still are 22 percent lower than they were in 1939.

INSURANCE COST CUT - A $3,000,000 reduction in Workmen's Compensation insurance costs to employers, beginning December 1, has been announced by the State Board of Insurance.

Average cut will be 2.2 per cent. Industry-wise it is as follows: Manufacturing 3.7 per cent; contracting 0.5 per cent; oil 2.4 per cent; and all other industries 2.4 per cent.

Board said this is the first overall reduction in Workmen's Compensation insurance premiums in the past five years.

CREDIT INSURANCE RATES - State Board of Insurance set new rates, rules and regulations for credit insurance to become effective November 21.

A rate of 70 cents per $100 a year was assigned group life coverage of the type used in 75 per cent of insured indebtedness. Board called it one of the lowest yet adopted. Maximum individual life policy rates were set at 80 cents per $100 on loans exceeding $700 and 90 cents on those up to $700. Health and accident coverage rates compare closely with those under the model bill in other States, the Board maintained.

Judy Parmelee Has Grand Champion At Texas State Fair

Judy Parmelee, daughter of Dr. and Mrs. John J. Parmelee of Rockdale, showed her Angus steer at the State Fair of Texas. Judy's steer placed 15th in the middle weight class of Angus steers.

The first place winner in this class was later chosen Grand Championship of the State Fair of Texas.

Church Group Plans Thanksgiving Fete

Rogers - The Ruth Class of the First Baptist Sunday School of Rogers had a social Thursday afternoon in the home of Mrs. Q. H. Wright. Mrs. Jesse Harris had charge of the devotional.

The class decided to have a Thanksgiving dinner this year and invite their husbands to come with them. Mrs. Wright served refreshments to 13 members of the class.

WACO ASSEMBLY

F. Starnes, presiding minister of the Cameron Congregation of Jehovah's Witnesses announced last night that the Watchtower Bible and Tract Society will sponsor a three-day circuit assembly for Jehovah's Witnesses in Waco, November 29 to December 1. Mr. Starnes said about 600 will be present at the daily sessions. Most of the delegates will be from Central Texas.

All of the members of the Cameron Congregation of Jehovah's Witnesses will now be making preparations to attend all sessions of the assembly.

OLD PHILOSOPHER

Discusses Plans By US To Put Man On The Moon

Dear editar: . . . . . .

A man in town stopped me the other day and said, 'Say, you're always expressing an opinion, tell me, should the United States proceed with its plans to put a man on the moon?"

I'll give you my opinion very frankly.

First, as I understand it, and I don't mind saying the way I understand some situations has no bearing on what the true situations are, here Russia and us were all set for a race to the moon and Russia ups and calls the game off.

And as I further understand it, the scientists in charge of the moon project argue that whether Russia tries for the moon or not has no bearing on what we do, that getting to the moon is worth what it'll cost, regardless.

Now while I've always felt a man shouldn't rush head-long into ploying, marrying or moon-shooting, that it's wiser and easier and more comfortable to take your time on either task, still I don't know enough about the fruits of outer space to say we shouldn't spend 40 billion dollars to explore it.

But I was just thinking, Say we spend 40 billion and get to the moon but don't find quite what we were looking for, that the fun, as they say about mountain el mbing, was getting there, not staying there.

All right. Here we've got all this money invested, we might as well try some other planet. The next planet, like next year's crop, may always look better than the current one.

Now naturally the first trip, like the first model of a new airplane, costs a lot more than those that follow, so we'll assume that we can land a man on Venus for half as much, one on Jupiter for half of that, and so forth, until we get the cost down to say a measley billion dollars a planet.

Well, since man can't imagine an end or a lack of an end to space, scientists have estimated there are countless billions of planets in the universe, and maybe some more universes outside of this one. But just for the sake of simple arithmetic, say there are a billion explorable planets out there waiting for us to put a man on.

At one billion dollars a planet that's a billion-billion dollars. I would write the figure out in numerals, but I don't know how to do it and anyway I doubt if you have enough zeroes in The Cameron Herald printing plant to swing it.

As you can see, my answer to the question, Should we put a man on the moon, is a clear-cut, emphatic I don't know.

Yours faithfully,
J.A.

Nashville Preacher To Lead Cen-Texas Campaign For Christ

The Churches of Christ in Central Texas will hold a "Campaign for Christ" in a 5 night series of meetings at Heart O' Texas Coliseum, Waco, November 13 through 17 from 7:45 to 8:45 each night.

Willard Collins of Nashville, Tennessee will preach the series. Sermon topics will include: "Decisions Determine Destinies," "The Resurrection Gospel," "The Church for which Jesus Died," "The Drawing Powers of the Cross" and "Going Home."

Dick Daughtry, minister of the Columbus Avenue Church of Christ in Waco will direct the congregation singing. At 7:15 each night special choruses from Christian Colleges around the state will present a brief program of songs.

The meetings will be open for the public.

Mr. and Mrs. Bill Harrison have moved from the Clarkson community recently. They are now living in Ben Arnold.

Mrs. Sandys Peyton has been visiting her aunt, Miss Jewell Wimberly, in Austin.

Outdoors In Texas

By Vern Sanford

It may be too early to know what the water fowl situation in the Central Flyway will be this year, but it is not too soon to learn about ducks.

Just issued by the U.S. Fish and Wildlife Service is a 25 cent bulletin titled "Ducks At a Distance." You can get this bulletin by sending a quarter to the Superintendent of Documents, Government Printing Office, Washington 25, D.C.

If your local club wants to buy them in lots of 100 or more, there is a 25 percent discount.

This is an exciting little booklet.

It's in full color and illustrated by noted wildlife artist Bob Hines. Furthermore, it carries illustrations of all the major species of ducks and geese.

Unlike other field guides which show mating colors, "Ducks at a Distance" offers invaluable identification clues for students, hunters and everyone who enjoys the study of birds, or just a walk along the shore.

Booklet containt 24 pgs. It reveals shapes, colors, voices, flight patterns, rising views and flock formations of these fascinating fowl.

Because of an anticipated heavy demand a delivery delay of at least six weeks is expected. So send your order as early as possible.

There is increasing necessity for such a book among hunters. Bag limitations on certain species now make it a requirement to know yo- or ducks. For the average hunter, who gets out after waterfowl only two or three times a year, this identification is no easy job. Especially where the duck supply is limited!

Most men know a mallard at a glance. They'll recognize a spoon bill or a teal. But they have difficulty in identifying a canvas back, sprig or other species.

Same is true of geese. If you see them every day, or if you hunt a good many times each year, it soon becomes easy to know the species. But when the laws say you can't kill but certain species and perhaps only one or two, at that, then it becomes very important to every hunter to know the difference.

I have been told many times about hunters in the rice fields of south Texas finding dead birds stashed away in straw stacks where hunters have hidden them. Such a bird doesn't do anyone any good.

Sometimes we wonder at the manner in which biologists reach their conclusions about bag limits.

Most of them will tell you that legal gun pressure will not depiete the birds. Then they will put a limit on them that is so impractical it results not only in violation, but worse still, in loss of the game entirely.

Some can be applied to turkey

In Texas we have an all-gobbler law. Yet in the field every year there are hundreds of hens killed and left in the woods. Occasionally one winds up in the pot but most of them are wasted.

No sportsman will shoot a hen intentionally. In fact it is seldom that a hen is killed by a sportsman accidentally.

Usually he knows the difference between a hen and a gobbler. And in hunting season the two seldom run together, unless it is a young tom not yet broken away from the mother hen.

Basically there is no reason for a hunter to kill a hen. But when I is killed, it is a shame that its meat has to spoil. Perhaps a longer look at the system might improve this. Other states have.

Take Your Problems To Church This Week

How Many Seconds Until Eternity?

The sands of time will have run through the hour glass many times before the Kingdom of God will have come to earth. Someone has described the Kingdom of God as being the state of things when God's will is wholly done by all men in all things.

If this definition be true, then certain it is, we must all become as little children in order to bring such a kingdom to earth. This means, also, that we must accept certain things on faith alone, for our minds, as yet, cannot comprehend them.

How then, can we acquire such faith? First, we can start by taking the chldren to church with us at an early age. Bring them up in the church. Then we can, through our own attendance, be strengthened in faith until we all strive to bring about that state necessary for the Kingdom of God.

By Mrs. John Myrick

Mrs. Will Hensley has returned from a three weeks visit with her two daughters, Mr. and Mrs. Bill Covey of Palestine and Mr. and Mrs. Floyd Dixon and sons of Athens. She also visited a daughter-in-law, Mrs. John Hensley, and son John Jr. of Jacksonville.

Mrs. Ruth Baggett, Mrs. Allen Kirkland and Mrs. Damon Chaudoin visited Mr. and Mrs. Jess Martin of Austin in Rockdale last week. The Martins were visiting relatives in Rockdale.

Miss Mary Alice Jones of Austin visited in the home of her parents, Mr. and Mrs. Wallace Underwood last week.

Mrs. J. D. McKinley of Cameron was a guest in the home of her sister, Mr. and Mrs. Wesley Woods Friday night.

J.R. Lee of Houston was greeting friends here Friday.

Mrs. Irene Hill visited in Galveston last week where she was a guest of her son and daughter-in-law, Mr. and Mrs. Butch Hill.

Mrs. Richard Lockhart of Dallas was visiting friends here Saturday.

Nick Brennan and two sons, Nichie and Jack, of Austin visited in the home of Mr. and Mrs. G. C. Sloan and Mrs. Stevenson Friday. They were enroute home from Cameron where they had been visiting relatives.

Mrs. Maggie Miller returned home Friday from a visit in the home of her daughter, Mr. and Mrs. Earnest Elliott in Cameron.

Mrs. Laura McCollum of Houston was a weekend visitor in the home of Mrs. Edd Baggett. She accompanied her son and daughter-in-law, Mr. and Mrs. Ross McCollum who is also from Houston who are visiting relatives in Rockdale and Milano.

Mr. and Mrs. Eugene Morgan of Bryan visited his parents, Mr. and Mrs. Jeff Morgan and her parents, Mr. and Mrs. Otto Sefcik of Rockdale.

Miss Carolyn Brymer of Austin spent the weekend at home.

Mr. and Mrs. Carl Taylor and son, Rickey, of Livingston visited relatives and friends over the week end.

Mr. and Mrs. Harvey Springer of Galveston have been visiting relatives here.

Drivers License School A Success Officials Note

The drivers license school which was held in Cameron was a success as some 100 people attended the classes. The school was offered free of charge to anyone wishing to attend and was sponsored by Milam County Sheriff Carl Black in cooperation with the Texas Dept. of Public Safety who furnished the instructors.

Sgts. M. O. Dietz and Jones Roberts from Austin and Waco supervised the activities as some six Dept. of Public Safety patrolmen from Austin and Waco took part in administering the written and oral examinations. Three of the Dept. of Public Safety Patrolmen remained overnight to give the driving examinations on Thursday morning October 24th.

Several of those attending the school had Drivers licenses and some were underage. Forty seven applicants took the written and oral examination on Wednesday night which consisted of a vision test, a 20 question test on rules of the road and a 20 question highway signs test. Forty two passed the rules and signs test. One of these failed to meet the minumum requirements on the vision test. Sixteen of these recived their beginners license without taking the driving test.

The driving tests were given on Thursday morning October 24. Twenty six took the driving tests. Of these, seven failed. Two of the seven failures applied for their beginners license. Those receiving beginners license are permitted to drive as long as they have a licensed driver in the front seat with them.

Sheriff Black urges those that did not qualify to study and return for another test within 30 days. A Drivers License patrolman is in Cameron at the county courthouse every Monday from 9:00 a.m. to 5:00 p.m. and in Rockdale every first, third and fifth Thursday of each month.

Johnnie Hutka On Distinction List

Rogers - Official word has been received by Principal J. L. Chervenka of Rogers High School that Johnnie Gene Hutka, graduate of Rogers in 1958, made Southwestern University Distinction List for September, 1963.

A special letter from Dr. F. Burr Clifford, Dean of Arts and Sciences, carried the message. In high school, Hutka was third in his class.

PERSONALS —

Mrs. J. L. Horton has recently returned from a weeks visit in Pasadena with her son and family, Mr. and Mrs. Gordon Horton, and to greet her new granddaughter, Donna Kay.

Mr. and Mrs. Otto Luetge and Elmo of Rockdale were Sunday dinner guests with Mr. and Mrs. Willie Noack.

George Young is on the sick list.

National Honor Society Chartered At Rogers School

Rogers - The Rogers Chapter of the National Honor Society has been reactivated and rechartered with an installation held Wednesday in the cafetorium, with Barbara Smith as mistress of ceremonies.

Mary Faye Wright told the advantages of the Society, Carl Foster gave a brief history of the National Honor Society, Carolyn Necas listed the qualifications for membership and Johnny Martinec explained the insignia.

Mrs. Selma Cannon, sponsor of the Junior High School Chapter, Margaret Pechal, president; Diann Engbrock, Vive-president; Carolyn Necas, secretary; Larry Meyers, treasurer.

Mrs. Johnnie Martin is sponsor and A. A. Kretschmar is associate sponsor. Kretschmar led the audience in the Pledge of Allegiance. Supt. B.F. Harbour gave a short inspirational speech.

Several parents were guests of the Society.
